---

## Summary

I am a highly motivated, confident, and hardworking individual with a strong interest in fashion design. Post GCSE, I attended Leeds Arts University to study for an **extended diploma** in **art and design**, specializing in fashion textiles, for which I achieved a **distinction**.

The diploma helped to develop my skills in a variety of different creative pathways such as graphic design, 3D works, textile surface printing and fashion design.

I have recently **completed my BA(Hons) 2:1 in Fashion Design at Leeds Arts University**, where I developed skills in many processes such as **pattern cutting, draping and digital skills in illustrator and photoshop**.

I am seeking work experience within the industry that will allow me to continue to learn and develop whilst providing me with invaluable experiences to support my degree and ultimately my future career.

---

## Experience

### John Snow Charity Fashion Show

John Snow College | Durham | June 2023 - June 2023

- presented my work on a runway
- collaborated with models and found the best way to showcase my work
- raised money for the "moving on Durham" charity

### Stephenson College Charity Fashion Show

Durham University | Durham | June 2023 - June 2023

- worked alongside models and other designers to showcase my work •
- contributed towards raising money for the "Nightline" charity
